

USA Challenge!

Can you create your own totem pole?

Use things from around the house to create it. Try using empty toilet roll, kitchen roll tubes or roll up an empty cereal box. Think carefully about the designs you choose!

Jigsaw making! Can you draw a map of the USA?

Draw it out and then cut it up into jigsaw pieces. Can you or your family put it back together again? Try timing each other, who is the fastest in your house?

Think about the size of your models, should the Statue of Liberty be taller than the Pentagon?

Famous Landmarks! Think of some of the famous landmarks in the USA. Can you use things from around your house to create 3D models of them?
