

Use different coloured paints and a fork for printing.

You can make tulips!

Go on a walk and see how many different flowers you can see! If you find any daisies, you could even make a daisy chain.

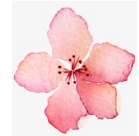

A plant needs 3 main things. Can you name them?

Try writing instructions for how to care for a plant

The Kingdom of Flowers

Draw flowers with different amounts of petals.

Can you write the numbers on the petals? After, you could even practise your cutting skills and cut around your flowers!

Get moving!

Roll up into a ball like a seed, then slowly get taller and taller stretching and reaching as high as you can!

“Sing a song of flowers,
flowers all around
Flowers that are growing,
growing in the ground
Flowers of every color, they
look so pretty too!
Red and pink and orange
and yellow
Blue and purple too!”
