Hello and welcome to a new school year! It is lovely seeing everyone back in school and although things are a little different at the moment, there are still lots of new and exciting things to learn and do!

Here in Y2R the staff are Miss Ross and Mrs French. If you have any questions or problems we are happy to help. Please contact us at the email address at the top of the newsletter.

Keeping Healthy and Safe

Handwashing: Children are asked to wash their hands when they come to school and regularly throughout the school day.

Water bottles: Children may bring a water bottle to school. They will take it home to be washed and refilled daily.

Book Bags: Children can bring a slim book bag to school to keep their reading books in. Please bring this to school everyday.

Learning

Our Topic: What was the seaside like 100 years ago?

We will be learning about the geographic features of the coast and comparing the seaside 100 years ago with the seaside today. In art we will be creating some stormy pictures and in DT we will be designing and making our own hand puppet for a seaside show. In Science we will be identifying the parts of a plant and finding out why they are important.

PE: Children can bring in their own PE kits and PE shoes. These will be put in a named bag on their pegs. We can supply a kit if needed, just let us know.

Reading books: The children will be given three reading books to keep all week. These will be changed regularly. Please read regularly and record this in their reading record.

Homework: We will be beginning to use SeeSaw to upload homework for the children to complete should they wish to. However, if they are unable to access SeeSaw there are other things they can do. As well as reading, please practice counting to 100 in 1s, 2s, 5s and 10s or practice simple addition and subtraction. Children can also practice handwriting and spellings and use the back of phonics books to practice recapping sounds.
