Summer 2

### Message from the staff...

Wow! What a busy term we have had! It has been lovely to see the sunshine a little bit more over the last few weeks and we have been making the most of it with our National Walking Month Challenge. Which class will walk the most laps of the playground? Everyone has been working really hard and all the staff in Year 1 would like to thank you for your continued support this half term.

Looking back...

## This half term we are answering the question...

### Where do I live and go to school?

We are continuing to learn about where we live in this half term. Now that we know all about our homes and what they looked like in the past, we are going to explore Middlesbrough with some Geography fieldwork. We will be looking at different maps and trying to find different human and physical features using keys and photographs. There are some great videos about fieldwork [HERE](#).

In Science we will be making the most of the weather and talking about the different changes that we see in Summer and creating a class forest with some amazing art work.

If you want to learn more about plants and animals you can use this link [HERE](#).

In our English lessons, we will be writing our own stories with a warning and completing a fact file all about people who help us.

As always, if you have any questions or concerns please get in touch with you child's class teacher using the email address at the top of the newsletter.
