Our response is in green.

- World book day as this is memories. We celebrate world book day in school with competitions, story swaps, teacher swaps and much more, children have been given a book each year. We do not ask children to come dressed up as this is an expense to parents and as parents know governors and leaders try our very best to ensure little monies are asked from parents.
- On the seesaw app there's not much info on what children (my child) is doing throughout the day. The Seesaw app is to support homework, teachers are not asked to manage the app throughout the day as their time needs to be spent working directly with children.
- One on one time with parents and teachers would enable parents share and understand how best to contribute to total development of child especially in habit/etiquettes etc.
- Giving notification of my kid's improvement and development monthly.

- More information about how they are getting on e.g. regular updates on seesaw.
- More updates on student progress would help.
- We offer three meetings a year and an end of year report to parents, should you like to meet with the teacher between the parents' meetings, please do not hesitate to contact us.
- Nothing special – all perfect.
- More clubs / after school activities (sports club). Staff who work at the school are paid to lead after school clubs, we ensure children from Year 1-Y6 get the opportunity to join in over the year.
- I will like the school to improve on the daily homework and not just story books all the time. The school should give something like mathematics, English assignment as well. We will look to review our homework offer. We prioritise reading at Breckon Hill and know that parental support has a hugely positive effect on children's progress.
- Nothing
- Child safety when they are playing outside. He has come home with bumps and bruises from being injured by another child. Children are looked after by school staff, should an accident occur, they are given an accident form and parents are usually spoken with.
- Parking near reception (should be made one way). Cars park anywhere, even stopping in middle of road.
- We have problem for car parking to pick up the kids. The school must arrange meeting with Middlesbrough council to recount the road to reduce the car movement. We regularly share and ask for support regarding the parking issues with the council. Should parents wish to contact directly they may do so **Phone:** 01642 245432 (Monday to Thursday, 8:30am to 5pm, and Friday, 8:30am to 4:30pm)
- Nothing is wrong with this school and I have no concerns thank you.
- Bigger gate opening. The works to improve widening the gates is planned for January 23.
- Computer laboratory will give the pupils practical knowledge about information technology since we are in the information age. I am afraid we do not have spare classroom space for such a facility, all pupils have access to ipads and technology.
- More toys in reception classes. We update and renew resources all the time, the outside area has been redeveloped this year and we have had a focus on bikes and scooters.
- Need to know what they are being taught in class in order to assist at home.
- 1. Student should learn to learn. It is not time to learn a specific subject, rather they should try how to learn mindfully. We offer a broad and balance curriculum in line with DfE recommendations, Ofsted have recently praised our curriculum offer. 2. Parent should know what student have done and how was her performance. We offer 3 meetings a year and an end of year report. Class newsletters are also sent out and are available on the school website as well as an overview of the school curriculum. 3. More polite communication would be good. Should anyone feel that staff are not speaking politely and with respect, please do not hesitate to report to the Headteacher.
- No comment, we are very happy for everything being done. Thanks.
- All is good.
