Dear Parent / Carer

All children within reception are offered vision screening as part of the Healthy Child Programme. Your child will be offered this within school next term. If there are any concerns with your child's vision, we will share the results with you, your child's class teacher to ensure that they are given the necessary support within the classroom, we will also notify your child's GP. Children will not be made to participate if they do not want to.

If you do not want your child to participate in the **VISION** screen, please opt out by notifying us in writing or by email using the details above within one week of receiving this letter.

It is important that children have regular eye tests and should attend an optician annually. This is free to children. All children should wear their glasses if prescribed in school.

Yours Sincerely

Middlesbrough Healthier Together Team
