More information needs to be provided to the parents in terms of the child's educational level and areas that need improving, if the child exceeds expectations then be provided ways they can build on that preparing them for the years ahead, this information is available during parents evening, however, a brief daily or weekly parent interaction with the teacher would be great.

A daily/weekly briefing for all children would be difficult to manage but if you would like further

information about your child's progress beyond the termly updates, please don't hesitate to get into contact with us.
