### Spring

#### Message from the staff

Welcome back. We hope that you all had a lovely break.

We are very impressed with how the children have settled back into their learning. The children have been working hard in all of their lessons and are really enjoying participating in exciting learning opportunities.

The Hills team.

#### Learning

This term, we will be using the fiction book *Penguin Pete* and the non-fiction book *Flip Flap Polar Animals* to learn all about polar animals. The children will use this learning to create their own polar animal information books. English and Maths lessons will be adapted to meet each child's individual needs and abilities.

In Food Preparation lessons, the children will be learning how to make food themed around Chinese New Year.

During Life Skills lessons, we will be focusing on friendships and developing social skills through turn-taking games.

Children will also be taught Geography, History, Science and Design Technology through their individual year-group topics.

#### PE Days

PE will take place on **Thursday**. Children may come to school dressed in their PE kits on this day.

#### Reading Books

Please read with your child every night and record this in your child's reading record. Each child will be given a reading book and a 'reading for pleasure' book to share with you at home.

#### Homework

Homework will be set weekly and will be available under the **Activities** tab on Seesaw.
