Spring

Message from the staff

Welcome back. We hope that you all had a lovely break.

We are very impressed with how the children have settled back into their learning. The children have been working hard in all of their lessons and are really enjoying learning about the local area.

The Year 1 team.

Learning

This term, we are learning about our capital city — **London**! The children will be revisiting the countries of the United Kingdom and learning to name and locate them on a map. They will also be encouraged to identify where **Middlesbrough** is on the map and compare it to where **London** is located.

We will be learning that London is a very special city because it is the **capital city** of England. The children will explore why people from all over the world visit London and learn about some of the famous landmarks that make the city so recognisable. Through discussions, pictures, and activities, the children will develop their understanding of London and its importance.

As part of our learning about the world around us, we will also be observing **seasonal changes**. The children will observe and describe the weather we see, talk about how the seasons change, and explore how this affects our daily lives.

Reading

Thank you for continuing to read with your child every night and for recording this in your child's reading record. Regular reading at home plays a vital role in supporting your child's learning and confidence.

How you can help

Please ensure that all items of clothing, including school uniform and PE kits, are clearly labelled. As the weather becomes colder, please make sure your child comes to school with **hats and gloves** so that we can continue to enjoy playing and learning outside. Many thanks for your continued support.
