

What did you enjoy about the book share?

Looking at there work making me feel so proud

I enjoyed because I seen my child progress and my child very happy and exited to explain everything in book

I sincerely appreciated your Teaching style and how she has taught my daughter beautifully with great understanding and empathy throughout her learning and loved hearing the stories about how my child has developed throughout her time in Reception.

Environment & professional teachers

Everything

I am very happy

Getting to see what my child has been learning

That it was in the hall not over crowded loved looking atmy daughter's books made me so proud of her .

I liked that the event took place in the hall as it was an open place. I got to talk to one of the parents.

Seeing how my son was doing in class

How excited my child was to show me his work

Event management and availability of teachers to answer any queries.

Interaction between parents and children and happiness of a child to show their work and want their parents to be proud of their good work.

We can discuss about her learning and see how she does at school.

Look at wotk

Getting to see Kagomes progress

Everything

The ability to establish the level in which our child is learning in school and seeing the development progress throughout the months.

I was so keen to know what she she is learning in the school. Now I feel happy and satisfied with her work.

It's wonderful to see my daughter's learning skills being developed

Assessing classworks

My daughter was so excited for my presents looking at her school books to see what she has done.

How good my child is doing

enjoyed the part that I had a conversation with my child's teacher, explaining to me how

incredible she performed as evidenced in her book

Books

Looking at her books and her learning

Getting know what she is doing in the school was happy.

I was so excited to know what she has learnt in the school.

The fact that she was able to relay her learning and experience so far.

Looking through books and seeing her hard work.
I'm quite happy to see his writing
Seeing how happy my child is at school.
My child's handwriting and how well her books presented
Yes

The excitement of the kids
I saw her school performance and discussed with her
Reading the books
Loved seeing how far my child has come and how much she has
accomplished

Staff members were also nice and friendly
Seeing her work and the progress she has made
Seeing my son's works and speaking to the staff
Seeing how much my child has progressed
Her writing and her performance in mathematics and English
Seeing how much he has improved

His entire learning process
Good environment and opportunity to review my child's progress
Understanding what my child does in school.
A chance for the children to show their work

My child been progressing.
Seeing my child's work getting enthusiastic about the work they have
completed

Getting to see my child's books and understanding what his is good at and
his support needs.

Looking at Maths progress
Teachers interaction and explanation.
● I was impressed with how it was organised
I was impressed with how it was organised
Seeing my child's progress

It was well organized and been able to talk to my child teacher and his academic development in school.

The opportunity to see and understand what and how my child has been doing academically

Table chair

Kids are confident in showing what they have been doing at school...

I checked all work and me and my daughter discussed the whole work which was very interesting

Getting to see how my Son was doing in his studies

Looking at the work there had Completed u as had the rite time scale

Was nice to see the work he has been doing

Knowing more about my child's activities and learning progress in school

I really enjoyed the opportunity to look through some ofs work and see how she is progressing in her learning. It was lovely to see her pride in showing her books and talking about what she has learned. The event gave me a chance to connect with her schoolwork in a more personal way and understand the kind of activities she does in class. I especially appreciated seeing the teacher's comments and how feedback is given to support her development.

Seeing how well my child is doing with her work

Seeing my daughter's work and talking to the staff members

My child showing me his work

Not enough time and did not get to speak with the teachers

Got to know how my child is doing in the school

The joy and smiles on my daughter's face, as she displays her books

When my son explained all the activities while we were going through the book.

Opportunity to review my kid's activities in school and assess her performance in class work

Good

Knowing the work that has been done

Been able to share my daughters progress with her and how much more confident she's become.

Their hard work

Child's excitement to show their work.

Everything

We had a knowledge about what she had at school

Child chance to show off
