Summer

Message from the staff...

Wow! What a busy term! It has been lovely to see the sunshine a little bit more over the last few weeks.

Everyone has been working really hard and all the staff in Year 1 would like to thank for their continued support .

This term we are answering the question...

What was school like in the past?

We will be learning about what life in general and school was like in Victorian times. We will be thinking about how things have changed over time. We may even experience being taught in a Victorian classroom.

We are continuing to learn about where we live in this term. We are going to explore Middlesbrough with some Geography fieldwork. We will be looking at different maps and trying to find different human and physical features using keys and photographs.

In Science we will be making the most of the weather and talking about the different changes that we see in summer and creating some amazing art work.

In our English lessons, we will be writing our own stories with a warning and completing a fact file all about people who help us.

We will all start this term by completing the Phonics Screening Check. We have been working so hard towards this.

As always, if you have any questions or concerns please get in touch with your child's class teacher.
